

Year 2 Homework Letter

09.10.25

Year 2 has had a very busy week again. We started our week writing a newspaper report on the Great Fire of London. We then set up and carried out a science investigation about which material is the best conductor of heat, the children made predictions and recorded their observations. As it is Black History Month, we have learnt all about Alma Thomas and her colourful artwork.

Maths

The online Maths programme we are using this year is called Sumdog - www.play.sumdog.com. The children's log in details are attached to the inside front cover of their homework book. If you need a new copy, please let me know. This week.

Reading

Please read as frequently as possible with your children at home. We will change their reading books in school once they are finished and we will send new books home every Friday. Please let me know if there are any problems.

Homework

Next week we will be looking at Samuel Pepys and how his diary entries helped us to understand what happened during The Great Fire of London. Please could you talk about diary entries and encourage the children to write their own diary entry for a day on the weekend. This work can be written in their homework book and the children can draw pictures if they like. I have also set a game on sumdog if the children want some maths extra practise.

Please complete by **Wednesday 15th October**.
