

Year 4 Homework

23rd October 2025

Dear Parents and Carers,

As we come to the end of a very busy half term, I just wanted to say how proud I am of all the children. They have worked so hard, shown great enthusiasm in everything we've done, and made every day such a joy. They are such a fun, kind, and lively class to teach – it's been wonderful to see their confidence and skills grow over the past few weeks.

Thank you for all your support at home – it really does make such a difference. I hope you all enjoy a well-deserved and restful half term break, full of family time and relaxation.

We're already looking forward to an exciting Christmas half term ahead, with lots of festive learning and fun to come!

Literacy task

I would like the children to write a set of **clear and catchy safety instructions** for families celebrating Bonfire Night. We will use these in school when we return to inform others about Bonfire Safety.

Math

Homework this week is a SumDog class competition recapping all the skills we have worked on this half term. Please encourage your child to complete their homework. It is beneficial for their learning and progress.

Diolch yn fawr
