

Year 4 Homework

27th November 2025

Dear Parents and Carers,

We have had another brilliant week in Year 4, full of learning, creativity and Christmas excitement!

In Literacy, the children have been learning how to debate respectfully and confidently. They have also begun writing their own balanced arguments, carefully considering viewpoints on both sides before forming their conclusions.

In Art, we are continuing our vibrant Pop Art work inspired by Andy Warhol, experimenting with repeated images, bold colours and striking contrasts. The children have really embraced the style and their sketchbooks are looking fantastic.

Our Science lessons have focused on *states of matter*, exploring the properties of solids, liquids and gases.

In Maths, we have been working on equivalent fractions and finding fractions of amounts. The children have shown great perseverance tackling these concepts—well done, Year 4!

Alongside all of this, we have also been working incredibly hard on our Christmas show. The children are putting lots of effort into learning their lines, songs and actions, and I am very proud of their enthusiasm.
