

Year One visit St Fagans for the day

On Tuesday 13th October we went on a gigantic, white bus to St. Fagans to learn all about the old days in Wales and the old toys that used to be played with. We also met Betti Bwt who was a washer woman who lived on the farm. Betti didn't have a washing machine, she would wash clothes in a metal Dolly tub and had to collect her water from the river. We also walked to the bakery to see Seany who gave us 2 loaves of Bara Brith. After that, we went to Rhyd Y Car to look in all of the old houses. The houses didn't look like the ones we live in. The oldest house was 250 years old and everything inside was made of wood. We ate our packed lunches in the sun and enjoyed our day very much.

Friends of Glamorgan

Heritage Coast

Would you like to volunteer for the **Friends of Glamorgan Heritage Coast**? It's a long-established local charity, focused on the conservation and enjoyment of the coast between Aberthaw and Porthcawl – designated the Glamorgan Heritage Coast. The Friends supplement the work of the local authority and have grants available to support worthwhile community projects. The charity needs people with a passion for the coast who would be willing to fill traditional committee roles but with a view to keeping administration to a minimum while focusing on getting things done. Please contact Carys, cstallard@valeofglamorgan.gov.uk - to express an interest, to ask any questions and/or to arrange a chat.

The Vale of Glamorgan council are encouraging parents and carers across the Vale to share their experiences of childcare.

- Can you access the childcare you need?
- What's important to you when choosing childcare?
- What makes childcare difficult to access?
- What could be better?

We want to hear from parents and carers about their experiences of childcare. Your feedback will help shape the future of childcare in the Vale - we're all ears! Complete the survey and have your say

Headlice

Can you please check your child's hair on a regular basis. We have had several cases of headlice in school already this year, this can quickly turn into an epidemic unless ALL parents act.
