

## Year 4 Homework

9<sup>th</sup> October 2025

### Dear Parents and Carers,

This week in Year 4, we have been busy revisiting multiples and times tables. The children have been working hard to recognise patterns and solve problems using their multiplication knowledge. Please continue to support your child at home by practising all their times tables regularly, as quick recall really helps with many areas of maths.

In English, we have been enjoying our work on *Charlie and the Chocolate Factory*. The children have created their own imaginative new characters to join Willy Wonka's factory and have written wonderful character descriptions using powerful adjectives and similes.

In Computing, we have continued learning how to use Scratch, focusing on the pen tool to draw and write using code. The children have shown great creativity and problem-solving skills while experimenting with their own designs.

Next week marks the start of Assessment Fortnight. During this time, the children will complete assessments in numeracy and literacy to help us track their progress and plan next steps in learning.

### Spelling (Prefix Auto)

autograph
automatic
autocorrect
autobiography
automobile
autopilot
autocue

### Math

Homework this week is on SumDog. Please encourage your child to complete their homework. It is beneficial for their learning and progress.

Diolch yn fawr
