

Year 4 Homework

17th October 2025

Dear Parents and Carers,

Assessment fortnight has begun, and the children have made an excellent start. Everyone is working hard and showing resilience and perseverance – I'm very proud of them.

On Wednesday, we celebrated *Shwmae Day* with lots of Welsh activities, using as much Cymraeg as possible throughout the day. It was lovely to see the children's enthusiasm for speaking Welsh and learning more about our language and culture.

In maths, we've been learning about multiples, factors and prime numbers, using activities and problem-solving tasks to deepen our understanding.

We were also lucky to be visited once again by the Bumbles of Hollywood, which the children really enjoyed. And, as part of our *Charlie and the Chocolate Factory* theme, the class had great fun designing and describing a brand-new sweet for Mr Wonka – the ideas were wonderfully creative!

Homework this week is on SumDog. Please encourage your child to complete their homework. It is beneficial for their learning and progress.

Diolch yn fawr

Mrs Jenkins
